

Steepleton Manor
LUXURY RESIDENTIAL CARE

Altogether Care
A better life

Getting the most out of life

Residential care in the lap of luxury

Steepleton Manor is a residential care home providing care to meet individuals particular needs. Care is provided in a supportive environment for people who are moderately independent to those who need considerable personal care.

Regulated by the Commission for Social Care Inspection, our home offers much more than the regulation standards. We've developed an unusually relaxing yet spirited environment with the very highest standards of service and care.

Luxury residential care in a beautiful setting

Our large Grade II-listed, late-Victorian manor house is set in 6.25 acres of immaculate lawns, attractive landscaping and mature trees in Winterbourne Steepleton, Dorset.

The River Winterbourne flows through the grounds, past the croquet lawn, our terrace and swimming pool, an evocative courtyard and classic views of the village church. It's the perfect backdrop for summer barbecues and fetes, outdoor musicals and theatrical events.

The manor house itself also hosts a variety of activities including art classes and keep fit sessions.

“Steepleton Manor
is more than
perfect as it is!”

Get away to it all

Respite and holiday breaks

From time-to-time, we all need a break from routine - a little breathing space to allow both ourselves and our loved ones a much-needed rest. Or simply a change of scenery.

Over the years, respite and holiday breaks have become a Steepleton Manor speciality because it is such a lovely place to recharge your batteries. We're pleased to welcome back residents from all walks of life (artists, historians and globetrotters) on a regular basis - many old friends reserving the same rooms year-after-year.

An independent air

Independence is guaranteed. However, if care is required, it will be tailored specifically to your particular needs. This will ensure you maintain a high degree of self sufficiency and freedom, this includes the choice of medical practitioner and access to all community services.

“We are more than satisfied
with the quality of care
that is provided”

Living the life

There is a choice of en-suite rooms, all with a beautiful view, some of which open onto a wonderfully peaceful, glass-roofed Mediterranean courtyard (a favourite location for morning coffee and afternoon tea). Many of our generous rooms can be shared by two if you wish, and all are decorated to a very high standard with carpets, curtains, TV, telephone, broadband, hot drink and snack facilities, and a nurse call system. Feel free to bring as little or as much of your own furniture as you wish.

Providing fresh, restaurant-quality food and the right nourishment is something we're passionate about. As we are fully licensed our residents can enjoy an aperitif, we create menus for all tastes and dietary requirements, and everything is beautifully prepared.

“I consider myself fortunate
to be a resident here.”

I really appreciate the support I receive from the
