SUTTON MANOR

Family Run for That Personal Touch

Sutton Manor has been owned and operated by Mary Cornelius-Reid and her family for 24 years, this being the family's third nursing home after establishing Winton Nursing Home in 1975. As such, we pride ourselves on being able to offer those little touches that make everyone feel secure and truly special.

For example, unlike most corporately owned establishments, residents are most welcome to furnish their own rooms; the results are often stunning. Pets are welcome by prior arrangement and personal touches, like birthday cards and thoughtful gifts at Christmas, help ensure everyone feels part of the family.

Guests are also welcome at the Manor. Whether joining us for luncheon or extending their stay in our en-suite guest rooms, all we ask for is a little notice to ensure that we can cater for their needs.

Full of History

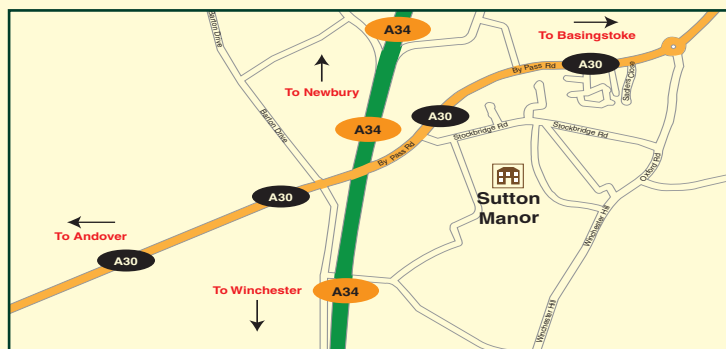

In September 1830, 177 men of the parishes of Wonston, Barton Stacey and Bullington, signed a petition for parliamentary reform in The White Swan Inn, situated in the Square at Sutton Scotney. The petition, headed, "To the King's Most Excellent Majesty" and seeking the vote for all was carried on foot to King William IV in Brighton by Joseph Mason. Mason was "transported" for his troubles, but the petition resonated across England and the Swing Riots followed shortly after. Mason would surely find it hard to believe that we can now arrange a postal vote!
