

Where do I stand with receiving existing personal care?

Should you already have a care package in place from a private carer or Social Services, we are happy for this to be continued in your new home. If your requirements change whilst with us, we will offer support and advice about local services that can help you.

What do the charges include?

Abbeyfield fees are all inclusive of bills associated with your accommodation, with the exception of personal items such as your telephone bill. For more detailed information, please contact the Administrator directly.

Will you need to know about my financial circumstances?

You will need to ensure that you can afford to pay your fees, and we will talk to you about this. Any personal information that you choose to share with us will be treated in the strictest of confidence.

Please contact the Administrator for more information.
