

# Charnwood House

residential care & intermediate care  
for older people living with dementia

**We understand that choosing the right care home is an important decision, and at Methodist Homes we care about your new home as much as you do.**

## Can we help?

If you or a loved one is considering a move into residential care, consider Methodist Homes. The organisation exists to provide the highest possible standards of care, within a compassionate, Christian culture.

## About Charnwood House

Charnwood House is a single storey, purpose built care home situated within its own grounds at Radford in Coventry. Here we provide residential and intermediate care facilities in an environment designed for both ease of access and comfort. Inside, the home provides a welcoming atmosphere where residents can both relax and socialise.

## Accommodation

Residents enjoy private rooms that are bright and airy. All rooms have modern en suite facilities with WC, wash hand basin, shower and non-slip floor. TV aerial points are provided in each room and we encourage residents to bring their own ornaments and pictures with them to personalise their new home.

Our residents also benefit from spacious communal areas including lounge/dining rooms and quiet lounges.

## Meals

Menus are prepared in consultation with our residents. This enables us to provide an interesting and varied diet and to cater for any special dietary requirements. All our food is freshly prepared on a daily basis within the home.

## Care Team

Our care team are there to ensure daily life runs smoothly within the home and to provide residents with the highest possible standards of care within Charnwood House.

## Quality Standards

We operate our own Quality Standards Programme that is constantly audited and monitored to ensure the highest standards in all areas, not just personal care. We have been highly praised for our excellent service by the Government's Audit Commission, the Centre for Policy on Ageing and the Social Care Association.

## Methodist Homes – Where People Care

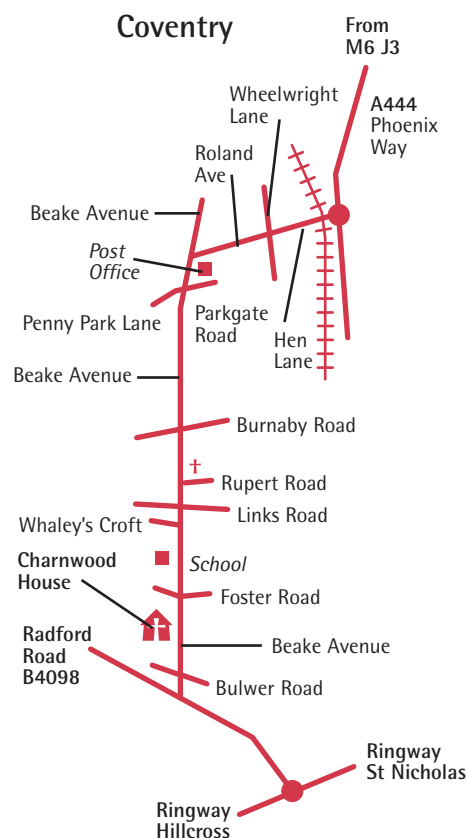

We recognise that making the decision to move into a residential care home can be a challenging time, and aim to reassure you that it can be a move towards a more fulfilling later life.

Our experience of providing specialist care has taught us that everyone's needs are different. We aim to provide a home from home environment that gives peace of mind, security, support and stimulation. Our priority is to consider every resident as an individual and to provide a caring environment based on respect and loving support.
