Owner's Description

Public transport provides easy access to the Home with the 119, 314, 353 and 138 buses all running from Bromley, Croydon and Orpington. The nearest train stations are Bromley South, Hayes and West Wickham.

Residents are encouraged to bring with them personal decorative items to enhance the individuality of their room. There is a lot of flexibility about meals. Activities are organised daily and Individual hobbies are catered for.

Coloma Court is a new purpose-designed 62-bed home which opened in October 2006. It is run by the Hospital Management Trust in partnership with the Congregation of the Daughters of Mary and Joseph. The Home has a charitable and Catholic Christian foundation but there is no requirement for residents to share those beliefs and we welcome people from all denominations. However, pastoral and spiritual care add that extra dimension to the care we provide. Although only minutes from the residential and shopping areas of West Wickham and Hayes, it is surrounded by fields, gardens and woods and is peaceful without being isolated.
