The Care & Support Service

Our manager is a fully qualified professional who leads a dedicated care team including nurses and care and support staff. All our staff are fully trained in MHA's high-quality care and provide individual support to residents round-the-clock. They play a vital part in the natural, homely atmosphere within Horfield Lodge.

Personal Care & Support

We aim to give each individual person-centred care within a calm environment. We encourage you to share in the development of your own personal care plan and we will organise daily activities to suit your personal interests and abilities, to maintain life skills.

Your keyworker will spend time with you to develop your care plan and inform other staff about how you wish to spend your time. This way we can ensure that we address all your personal needs.

Dementia Care - MHA recognises each person as a unique individual. By getting to know the person and their life history, we aim to understand the meaning behind their behaviour and plan our care to reduce any frustrations and improve well-being.

Nursing Care - Our 24-hour nursing care is provided by professional qualified nurses and trained care staff. We seek to meet increased physical needs and mental frailty with our personalised service.

Health Care

You will have access to the full spectrum of local health and medical services such as your own GP, hospital appointments and community nursing services. The chiropodist, optician, occupational therapist and dentist all visit residents regularly. All you need to do is inform a member of our care team if you would like to make an appointment.

Meals and Refreshments

Our food is freshly prepared on site by trained and experienced staff. Daily menus are prepared in consultation with residents; this enables us to provide you with tasty and interesting meals which meet your dietary requirements as well as your own individual preferences.

Cleaning and Laundry

Our domestic assistants are responsible for the cleanliness and maintenance of the home and offer a thorough room cleaning service on a regular basis.

Our laundry facilities are fitted out to commercial standards and you can choose to have your personal washing carefully cleaned and returned to you within 48 hours.

Security and Peace of Mind

Help is always at hand with our emergency call system. A call bell point is provided in every room so that in an emergency the care staff can come to your aid promptly – 24 hours a day, 365 days a year.

The fire alarm is tested every week and our staff are regularly updated on fire precautions and procedures.

Horfield Lodge

Social Facilities

In Horfield Lodge you have the privacy of your own space and the opportunity to join in a wide range of social activities such as painting, crafts, sing-alongs, theme days, physical exercise and games.

We like to organise social events and attract theatre groups, musicians and entertainers.

Visitors

Friends and family can visit you whenever they wish and are welcome to join you for a meal, for which we make a modest charge.

Spiritual Well-being

At MHA, we support each older person to live life in the way that they wish, providing opportunities for fulfilment.

We believe that spiritual well-being is achieved by nurturing the human spirit through relationships and positive experiences – be they with God, family and friends, animals, nature, music, art or other creative activities.

In addition to our care staff and many volunteers, we have our own Chaplain who is available for pastoral support. Our Chaplain also organises worship services for those who wish to attend and can arrange for contact with other religious ministers in the local area.

Quality Standards

We operate our own Quality Standards programme that is constantly audited and monitored to ensure the highest standards in all areas. MHA's services have been independently assessed for quality by the English care sector's regulator, the Care Quality Commission (CQC) and have achieved one of the highest ratings.
