Paul Byrne House is a retirement housing scheme with 26 flats in total, consisting of 16 studio flats and 10 one bedroom flats.

Our facilities

Welcoming and supportive

Paul Byrne House is designed to encourage independent living. Support is available if needed.

The scheme has a beautiful large communal garden that residents are encouraged to use with other residents or visitors.

There is plenty of on site parking available to both residents and visitors.

We have two guest rooms for visitors to stay in. There is a charge per person per night

and the room can be booked in advance via the scheme manager.

We have two large communal lounges where some of the activities take place at the scheme. The lounges are lovely places for residents to relax on their own or get to know other residents.

Our services

Care and commitment

All our services are in place to allow residents to live as independently as they can.

There is a non-residential scheme manager to encourage independent living. The scheme manager is available between the hours of 8.30 am and 4.30 pm, Monday to Friday.

Eldercare provides an emergency 24 hour alarm system all year round. If you need urgent assistance, there are pull cords in each of the flats and the communal lounge.

Activities

Things to do, places to go

Staff encourage residents to organise their own events and activities as part of our drive to encourage independent living.

Paul Byrne House

The scheme holds coffee mornings, darts, bingo nights, fish and chip suppers, afternoon teas, occasional lunches and Christmas dinner.

Friends and family are encouraged to take part in activities with the residents.
