

We provide a range of services, such as:

- Assistance with a 'good morning' start to the day, with help to get up, wash, shower or bath, get dressed and have breakfast.
- Shopping support - alongside our customer or alternatively we can come in, agree a shopping list, go to the shops, come back and put it all away.
- Preparation of food and drink.
- Ensuring a timely prompt for medication when due.
- Undertaking domestic tasks such as cleaning, laundry and ironing either on a regular basis or as a 'spring clean', whatever the season.
- Provision of a respite service. If you are performing the role of principal carer, then you may need support during your time off each week.
- Pampering sessions - the occasional visit to organise bathing, clean clothes, fresh bedding and a thoughtfully prepared meal before bedtime.
- At the end of each day, some help with getting ready for bed.

Our achievements and recognition for rural innovation:

The first major project for the charity was to secure funds and partnership support to transform the former residential care home (that had started life as a Victorian workhouse) into a purpose built Community Resource Centre and housing project for older people. The Resource Centre opened in 2005 and acts as a hub for delivering a wide range of health and social care services and activities to older people living across the Bell View catchment area.

In January 2008, the charity purchased an older person's day-care business from a private sector provider and established a new social enterprise Bell View Care Ltd.

Since 2005, Bell View has been recognised for many of its achievements.

Our Manager

David Robertson - Appointed September 2013

David has worked in the care sector for over 20 years. He has worked in various environments from hospitals to care homes to Care in the Community and has managed and supervised large groups of carers and service users. He brings a wealth of relevant experience, skills and knowledge to the company.
