

# Turners Oak

The **go-to** estate agent for those considering a move in later life

Turners Oak isn't your typical estate agent because our clients aren't typical home sellers.

Many of our clients have lived in their current home for over 30 years.

We work with older home owners and their families to navigate and support the emotional, practical and logistical uniqueness of a move in later life.

Considering a move in later life can feel overwhelming. At the same time circumstances can mean that considering a move becomes necessary.

Homes that once brought you to life can become restrictive. Perhaps the location or layout are no longer suitable, or the size of your home or garden has gone from being a pleasure to a burden.

We also know that moving to a new home, perhaps in a more favourable location or with a more suitable layout, often results in an improved quality of life and enjoyment for our clients.

We spend quality time getting to know you so that we can provide tailored advice and you can make informed decisions.

Whether that's making adjustments to your current home or providing a plan to find a new home and bring your current home to the market in a way that works for you, we are here to support you - every step of the way.

From our first chat until the day you move, we are with you, every step of the way.
