

First in Care

We are a home based care - proving high quality care services in Surrey, Sussex and Southern area of England.

Our Services:

Visiting Care

- Personal care- hygiene, medication, dressing, food & nutrition, mobility support, companionship etc
- Domestic care- including domestic tasks, shopping support, looking after pet etc
- Complex care- where more advanced needs because of disabilities, or specific disease vectors are required.

Live-in-Care

Live-in care is intended to help our clients so they can live life the way that suits them.

First In Care, Where Care Comes First

Values and Objectives:

Our aim is to promote independent living within the comfort of your own home, help enable you to pursue a life that is full and independent as possible.

We aim to keep our clients in touch with their community and help them participate in the things they like doing, and much more.

We are passionate about delivering excellent personal care service to our clients.

We value consistency and believe in providing care through compassion, experience and desire to help others because care comes first!

Our Credentials:

First In Care is regulated by the Care Quality Commission (CQC) and was established by passionate health and social care professionals with experience of delivering high quality care.

Our team are well experienced, trained and qualified to deliver best care service for you or your loved ones.

All our staff are background screened, and Disclosure and Barring Services (DBS) checked.
