**Hollymere** Extra Care Development is brought to you by Advantage, who are working in partnership with Cheshire County Council to provide 433 stylish apartments in five developments throughout Cheshire. The developments are in Handforth, Middlewich, Crewe, Winsford and Ellesmere Port and are all due to open between January and August 2009.

All developments offer apartments to:

- **buy outright:** you own the apartment
- **rent:** you pay a weekly rent
- **part buy / part rent:** you buy a half-share of the apartment outright and pay rent on the remaining half.

**Ellesmere Port is in the north west of Cheshire**, where the Shropshire Union canal joins the Manchester Ship canal. With its commercial and industrial heritage, the town is home to some of Cheshire's main attractions, including the Boat Museum, Blue Planet Aquarium, and Cheshire Oaks Retail Shopping Park. It is also just five miles from the historic city of Chester.

Ellesmere Port has opportunities for leisure activities including golf, swimming, cycling and walking. It also offers a range of modern and traditional shops.

## The development

**Hollymere** consists of 71 one-and two-bedroom apartments available to buy, rent, or part buy / part rent for people over the age of 60 who need some care and support. Extra Care is designed to enable you to stay independent in your own home, with flexible support and care available as needed. As a resident, you will benefit from the freedom and financial security of living in your own home, but will be waving goodbye to some of the heavier responsibilities this usually carries.

The development provides an independent lifestyle to people wishing to continue to own or rent their own home. But there's the security and peace of mind of knowing that a team of qualified staff is on hand 24 hours a day, seven days a week.

**Hollymere** Extra Care Development will be ideal for you if:

- you need extra help and care, whether it's a little or a lot, to live independently
- your present accommodation no longer meets your needs
- you are concerned about the security of your present home
- you feel isolated or lonely
- you live in residential care but would prefer a self-contained apartment with support to live independently.

Being able to take part in leisure activities is very important to everyone's wellbeing. At Hollymere, there is an impressive range of private resident-only facilities to enjoy, as well as many communal facilities for residents and their guests. There is a regular quarterly programme of events catering for a variety of interests. The development also offers:

- stylish apartments
- café
- library and IT suite
- village hall
- hair and beauty salon
- shop

- communal and private lounges
- gym / fitness suite
- landscaped communal areas
- an extensive range of leisure facilities and social activities
- pamper bathrooms
- hobby and craft rooms
- excellent 24-hour security features.

Also, staff are always on site to manage the facilities, give you information and offer health and wellbeing support if needed.

## Security

Avantage has designed special security features into the developments and into each home. All have door-entry systems and closed-circuit television (CCTV), which monitor the communal areas and grounds. The CCTV system is recorded and can be monitored by staff on site. Visitors are welcome and are free to use the communal facilities, but they do not have open access to residents' private areas.

Each home has a video door-entry system and the latest smoke and heat detectors. There's also an emergency alarm that puts you in direct contact with site staff at any time of the day or night. Every reasonable precaution has been taken to give you the security of feeling safe in your own home.

**As a resident of Hollymere,** you will be able to access help and support as you need it. The qualified and dedicated team will give you as little or as much care and support as necessary, to ensure that you get the most out of living independently in your apartment.

When we meet you, a Care Manager will help assess your needs so we can draw up a care plan. This is flexible and can be changed when your needs change.

### **Example one**

You may need help with cleaning your apartment, emotional support, or help with your weekly shopping.

### **Example two**

You may need help in the mornings to wash or dress yourself, make the bed or generally keep your apartment tidy. Care may also include help with preparing meals in your apartment or getting to bed in the evenings.

Housing 21 is the organisation that has been chosen to deliver the support and care services. They have over 40 years' experience of providing care and support for older people. So they have the expertise and knowledge to meet your changing needs. The care service will be delivered by trained, caring and competent staff. You can be assured that the service will be fully registered and regulated by the Commission for Social Care Inspection (CSCI), the government body responsible for ensuring that care providers comply with the law and maintain high standards.

## Service charges

**When you move into your Hollymere** apartment you will have to pay service charges.

The service charges cover a range of services such as the cost of the on-site staff, the upkeep of communal areas including the gardens and lounges, insurance, and the maintenance and upkeep of the building's exterior. The charges will also cover cleaning external windows. These services ensure that all parts of Hollymere are maintained to a high standard.

As the owner or tenant of the property, you will be responsible for paying your own council tax, energy bills and any extra decoration you want to do to your apartment. Your apartment is your home and you will be responsible for the day-to-day living costs.
