Feel at home in our care

With a reputation built on more than 40-years of experience and the values of the not-for-profit sector, Anchor is a trusted provider of services for older people. We have almost 100 care homes across England, offering a wide range of services for older people. All our homes are regulated by the Care Quality Commission.

“ If I had known how I would feel I would have come here years ago. ”

24-hour peace of mind

Our care homes offer a warm, safe and friendly environment, with a range of facilities and social activities to help you feel at home. They are spacious and well maintained with comfortable, self-contained rooms, many with en-suite facilities. Anchor has won national recognition for our catering with menus offering freshly cooked, nutritious meals.

Type of care

We offer both residential homes and nursing homes. Both include 24-hour personal support, such as help with dressing, bathing, eating and help participating in activities and companionship. Nursing care provides more specialist medical support from qualified nurses to people with more complex medical needs. Some of our homes are dual registered, which may suit couples requiring different levels of care.

All homes' staff receive dementia training and have at least one Dignity Champion, a member of staff who has been trained by our Dementia Specialist.

Independence

We understand that your independence is important and will plan your personal care with you to reflect that. Everyone is encouraged to participate in social activities but how often is up to you. We also respect your privacy. All our homes organise activities with their residents, which range from arts and crafts and games to coffee mornings and social evenings. Highly qualified staff ensure you continue to enjoy maximum independence whilst having the reassurance that expert help is always at hand.
