

Templemore and The Cedars

Northamptonshire

Templemore and The Cedars are situated between the villages of Duston and Dallington, just a short drive from Northampton. Templemore is a 19th century manor house set in one and a half acres of beautiful grounds, which has been extended and refurbished to create a comforting and welcoming home. The Cedars is the complex's purpose-built courtyard-style wing. Built in 1995, The Cedars caters specifically for clients whom have various forms of dementia including Alzheimer's and who are at the latter stages of the illness. Built in 1997, Cedars II is our latest addition, and is specially designed for clients who have a diagnosed dementia, are at the moderate stage and require a more private and undisturbed living space.

Accommodation in both Templemore and The Cedars is available in a choice of single, single en-suite or companion rooms, which are all pleasantly decorated. Clients are encouraged to personalise their room with their own belongings to help create more familiar surroundings.

Meals may be taken in our dining room, any of the smaller dining areas or in the privacy of clients' own rooms. Our skilled resident cook prepares a varied range of appetising and nutritionally balanced meals, taking into account any specific dietary requirements or individual preferences. Morning coffee, afternoon tea and other snacks are available throughout the day.

At Templemore and The Cedars life is for living, and a full and active lifestyle is encouraged, including reminiscence therapy, beauty care and fitness therapy. Our Activities Organiser arranges a varied social calendar of activities and a variety of entertainment, including trips to places of interest, pub lunches, bingo sessions and a monthly clients committee meeting.
