

# Coventry Extra Care

There is nothing quite like a place of your own to give you a real sense of independence, especially when there is a qualified team of professionals around you to provide you with the care and support you need.

**With our high-quality, person-centred care and support, we provide people with great accommodation, quality catering services and valuable lifestyle activities, creating a place where people want to live and more importantly somewhere they can thrive.**

Coventry Extra Care Housing Schemes provide people who do not need or want to move in to long term care, with suitable housing and support from a trained Care Team who will work with them to meet their needs identified in their Care Plan.

Making Space are working in partnership with Midland Heart to provide high quality care and support to people aged 55+ who want to continue to live as independently as possible.
