extra care living

Do you know
someone who needs
extra care and who
values their
independence?

If the answer is YES
The Spinney could be just
right for them.

A high quality state of the art
Extra Care Scheme for older
people aged 55+

Refreshingly high standards

The new Extra Care apartments
offer a real alternative to
traditional residential care. The
apartments have been designed
to improve the choice and quality
of life for older people, whilst
being sympathetic to their
individual needs

52 independent self contained apartments

Who we care for?

- People who require high levels of care (with a presence both day and night) who would prefer their own front door.
- People whose needs are unpredictable and therefore more difficult to meet pre-determined timed units of care e.g. those with Parkinson's Disease.
- People with degenerative conditions where a move to Extra Care would prolong independent living e.g. those with Multiple Sclerosis or Rheumatoid Arthritis.
- People who are highly vulnerable and at risk e.g. those with high levels of anxiety or who neglect themselves.
