Life at the house

Set in the grounds of the old Bingley hospital overlooking Bingley moors, our innovative, award winning development offers 30 Residential apartments which support individuals living with dementia. Each room has an en-suite facilities with a shower room.

The Unit is a safe environment, where you can move freely around the secure wing and access a safe and enclosed garden area in the least restrictive way possible.

The fully qualified on-site 24-hour dementia carers provide residents with different levels of care; tailored to suit their individual needs. Time to enjoy older age

We have many communal areas including a coffee bar, kiosk shop, hair and beauty salon, assisted bathing and spa rooms, and multi seating areas giving our residents the opportunity to socialise with each other.

We find out what people enjoy doing, or got pleasure from in the past, and make sure they're occupied, engaged and interested in activities that are meaningful and fulfilling so an enriched quality of life is enjoyed. Our Activities Co-ordinator, along with our volunteers, organise many activities for residents, their family and friends, and the wider community so they can join in with the fun and utilise our amazing facilities. We also host seasonal fundraising events making us a true hub in the heart of the community.

Meal times at Abbeyfield are also important as it's when the whole house gets together - a time to have a chat enjoying great food and great company. Our qualified chefs pride themselves on providing delicious freshly prepared food. All meals are included and prepared at the house with plenty of choice, vegetarian options, and great portion sizes!, meals can also be tailored to dietary needs.

Once you see for yourself what living with Abbeyfield can bring to your life, you may well wish you had made the move years ago.
