### YOUR DESCRIPTION

The Priory is privately owned and our aim is to care for residents in the same way and environment that we would want for our own parents. It is important that The Priory becomes a real home, with all the feelings and emotions that we associate with the word, for the residents, their families and their friends.

Many people remark on the homely and welcoming atmosphere, the moment they walk through the front door.

This is because the residents' needs and wishes come first in a home such as The Priory. We provide care & assistance where necessary and company or privacy as desired. We deliver this in an informal atmosphere, knowing that residents want to take a full and active part in making their own decisions.

Quality care can only be delivered with quality staff. At The Priory, we are rightly proud of the care team that work with us. Staff have been chosen for their understanding and dedication, as well as their care skills. We work closely with each member of the team through continuous training and assessment. This has allowed our care to become attentive yet discrete, giving residents confidence and support throughout their stay with us.
