YOUR DESCRIPTION

Castle Mount is a Grade II listed former dwelling house, situated to the north of Sandal Castle a local historical site. The main house is stone built and dates from circa 1800. The site extends to approximately 0.5 acres. The home has tasteful and well maintained landscaped gardens with pebbled driveway and parking area. All rooms are individually designed with unique character. All rooms have a vanity unit and are central heated. Most have their own TV point and telephone and internet access can be installed if required.

Castle Mount is a residential home providing care for the elderly and infirm. We pride ourselves in offering a high standard of care and cleanliness. We employ well trained care assistants who provide 24 hour professional support.

We care for each resident in accordance with their individual care plan, which is regularly monitored and updated. Every resident is seen as an individual with their own needs and preferences. We aim to encourage independence, whilst ensuring that help and companionship is always on hand. Our warm friendly atmosphere means that each resident can continue their daily life with personal privacy and dignity in a safe and caring
