YOUR DESCRIPTION

Sunningdale has five spacious communal lounges with high ceilings and bright furnishings. The bedrooms are en-suite and situated on two floors. Our very caring experienced and qualified manager and staff have many years experience in caring for individuals whose behaviour is unsettled due to their Dementia. We are experts in meeting the needs of younger sufferers of Dementia such as Korsakoff's syndrome and early onset Dementia, and many of our residents are under the age of 60. Unlike most care homes that care for Dementia sufferers, here at Sunningdale we operate an open door policy which allows for reduction and alleviates the need for sedative drugs. The home has a well landscaped large secure garden which is well equipped with seating so residents can wander at will both inside and outside the home.
