YOUR DESCRIPTION

White Lodge was originally a unique single-storey building of character built in the late 1920's for, we understand, a tea planter on his return from Malaya. It stands in its own landscaped garden. It is approximately 200 yards from the sea and the same distance from the local village shopping centre with Post Office and General Store. It has been skilfully modernised and extended and now provides superb facilities and a very happy restful home for people requiring 24 hourly supportive care.
