

A Not for Profit Charitable Trust with a 1,000 year history of care.

Through its two sponsoring Orders, the Order of Malta and the Venerable Order of St John, OSJCT has a history of care stretching back nearly 1,000 years.

The Trust's core activity is providing care for older people of any background, irrespective of race or religion. OSJCT is dedicated to delivering the highest quality, person centred care. Our broad range of services includes residential, nursing and dementia care. We also provide intermediate, respite and day care.

Our ethos of care, which underpins all our activities, is based on our belief that all older people living in our care homes, should be given care, both material and spiritual, that suits their individual needs. We also believe that our residents and day care visitors should enjoy life in an atmosphere of warmth, harmony and understanding, being cared for by people who appreciate their need for privacy and who will respect their dignity and freedom of choice.

LAKE HOUSE

ADDERBURY, OXON

Our homes are your home – a place to live life to the full and enjoy peace and privacy as you wish

Care Specialists

Residential

LAKE HOUSE

Lake House is situated in the village of Adderbury, two miles from Banbury and is a single storey, fully wheelchair accessible residential care home for 43 older people. The Home is set in peaceful and beautifully tended grounds with an enclosed quiet garden that is designed for use by wheelchair users and other mobility impaired adults. The Home is close to several local shops and amenities, with good bus routes to Banbury and Oxford.

Residents are supported in their healthcare needs by their own GP and other local health services. The Home maintains a good relationship with all local GPs and can arrange for residents who are new to the area to be registered with a local GP if they wish.

Our friendly, well trained and experienced staff team is committed to providing the best possible care for residents and encourage each resident as an individual to lead as independent and fulfilling a life style as they are able.

Our Home prides itself on having good links with the local community and encourages residents to maintain existing links in the community as well as developing new interests if they wish.

The large day care room provides an area for activities, socialising and entertainment for residents, day care attendees and visitors. The Home also benefits from a hairdressing salon, and visitors' quiet areas where residents can entertain their guests.

The Home has five semi-contained care units that comprise bedrooms, lounge/dining rooms and facilities such as specially adapted toilets, showers and bathrooms. Each lounge/dining room has a kitchenette for the preparation of drinks and snacks. Meals can be taken in these areas or in the central dining room adjacent to the main kitchen. Lounges have patio doors leading on to the gardens which have seating areas. These are very popular with residents and their families in the summer months.

The Home also runs a small shop for the residents, stocking small practical items for everyday use.

Personal accommodation is provided in single rooms, each with a vanity unit, TV point, wardrobe and lockable bedside cabinet. Each room is linked to an alarm call system. Residents are encouraged to bring with them personal possessions such as pictures, ornaments and small items of furniture and furnishings to enhance and personalise their room. Residents may have a telephone installed if they wish. Pets are welcome with prior agreement.
