# CareQuality Commission

## Quality personal Care services at Home

## Excellence is our standard

# Community Care

We will provide a flexible approach to your care whether you have your own private budget or have council funding options.

Embrace Health Care is registered by Care Quality Commission and has an excellent reputation and proven record.

We aim to provide a high quality service to all our customers within their homes, respecting their independence, privacy, dignity and choice to ensure that they enjoy the best quality of life at home.

We employ highly trained community care staff and have a rigorous recruitment process for ensuring the selection of reliable, caring staff.

All our staff must pass an enhanced DBS check, an independent safeguarding of adults checks and provide suitable references before they commence employment.

## Personal Care

May include dressing/undressing, bathing/showering, toileting, and hair care.

**The Service is completely flexible providing care that is tailored to the individual needs and requirements.**

## Sitting service/ Block care

Staying with you while your main carer is out.

## 24-hour care/ live in

Enable you to remain in your own home for as long as you require.

## Social support

Escort you to day centres, hospitals/ dental appointments. Hairdressers etc.

## Palliative care

We also offer services for end of life care when needed

## How could this service help me?

Some people choose to have regular hours allocated hours on a weekly basis to have specific tasks completed.

Some people require intensive care packages to get them through a particularly stressful period.

Some people may choose to have care provided only occasionally for a specific appointment or event.

The amount of care provided would be dependent on your individuals needs circumstances.
