

# Who we are

Welcome to Aegis Care Solutions Ltd, established in May 2017 providing good quality, experienced and reliable Staffing.

To deliver on our promises and provide a truly cost effective and first-class service, we ensure that as our reputations grows and so does our business.

Aegis Care Solutions proudly announce that we are Care Quality Commission registered to provide Home care services in Leeds and surrounding areas, regulated by CQC.

With 18 years of experience in the healthcare sector, our Director and Registered Manager governs the agency with ACS management and multiskilled staff members.

## Our Vision

Our vision is to focus on our client needs and to provide care which is safe, effective, caring, responsive and well-led. Our objective is to achieve a positive outcome of their Wellbeing with clients participation in their personal care plan.

- We source experienced staff to give our clients the opportunity to receive expert care to help adults over 18, those with dementia, learning disabilities, assisted living or disabled living in their own home.
- To provide a full range of care services in our client's own home to meet their personal care needs.
- We offer a completely bespoke and professional service, working to the very highest standards and pride ourselves on our exceptionally personal client service.
- To provide care by fully trained and fit for purpose healthcare professionals.
- To provide a service that is exceptional and individually tailored to each client.
- To treat our clients and their families with respect, dignity, courtesy and to ensure that confidentiality is being maintained at all times.
- Our staff are competent and highly skilled under the Mental Capacity Act 2005 to care for clients suffering from mental illness who are unable to make their own decision.

## Why Choose Us

Our principles are straightforward based on philosophy of care of Aegis Care Solutions; we accept that our dedicated team of domiciliary care, with multiskilled workers delivering personal care services of the highest quality with the optimum level of output. Aegis Care Solutions ensures that extensive training to carers is provided to be competent in meeting the complex needs of the service users.

To break the barrier of translations, under complex disability we are proud to say that we benefit with staff from different diversities and Skills, contributing to ACS by communicating in diverse languages and appropriate skills.

We pride ourselves on offering a personalised service. Our care manager ensure that clients are appointed with carers throughout their care journey by regular audits and feedbacks. To administer time management; attendance and reduce travelling time for carers, we structure and allocate our staff local to the client.

Our main mission is to focus on the needs of our clients and to provide a service that is holistic. We are committed to achieving our objectives by reviewing our services and by welcoming feedback from our clients and their representatives. We ensure that we offer an excellent service at all times, which comply with CQC Regulations and Government Legislations.

We are proud  
of our Service.

We are proud  
of our Care.
