For life's journey

Care and support at home

Our dedicated team of care workers provide the highest quality care for those needing support to remain independent and living in their own homes across Nantwich and the surrounding villages.

We develop comprehensive support plans to ensure we provide care centered around each individual, with regular reviews. We continue to protect against Covid-19.

- Assist to get up or go to bed
- Medication prompting or administration
- Meal preparation including monitoring of hydration and nutrition
- Assisting people to exercise at home or within their community
- Companionship and support to enjoy hobbies and activities
- Sleeping / waking nights and short term care for respite or holidays
- Accompanying to appointments
- Shopping, domestic support and more

Reliability

You can be assured that our carers will arrive for the times we agreed and always stay for the full call length.

Specialised Support

We are experienced in supporting those with Dementia, Parkinson's, MND, Cancer, Strokes and more.

Quality Care

We look after and invest in our care team so that they look after you.
