**ABOUT US**

**WE ARE THE EXPERTS IN MODULAR RAMPS AND STEPS**

Rapid Ramp is the modular access ramp division of Ghyllside Ltd, a third-generation family-run company based in South East England.

We have over 20 years of industry experience and continue to offer a nationwide service with a completely in-house process.

**WE PROVIDE A COMPLETE SERVICE FROM START TO FINISH**

Our service includes:

- Site visit
- Bespoke design
- Quotation
- Fast installation by our own highly skilled installers
- Removal service available

3D drawings are included with every quotation. They help customers to visualise how a ramp would appear in situ.

"The ramp is perfect, we use it every day. It's an excellent product."

We'll always recommend Rapid Ramp!"

End User, Peacehaven in East Sussex

**WHY CHOOSE OUR MODULAR RAPID RAMP SYSTEM?**

- ✓ Made of a fully adjustable, high quality steel
- ✓ Products require minimum maintenance
- ✓ 3 year guarantee, 25+ year life span
- ✓ Ramps comply with Document M & K of Building Regulations

The self-draining mesh allows water to pass through rather than collect on the surface.

**NEAT EDGE RUBBER RAMPS**

Designed to overcome small rises and thresholds that don't warrant the use of a conventional ramp.

- Slip-resistant surface
- 1000kg capacity
- Designed for internal usage
- Site surveys are unavailable for this product

**WE'RE HERE TO HELP**

# QUESTIONS AND ANSWERS

**Q. How big will the ramp be?**

**A.** It will be designed to have a safe, easy to use gradient recommended by the Building Regulations.

**Q. How long will it take to install the ramp?**

**A.** It generally will take a day to complete unless there is extensive work needed.

**Q. The ramp is bigger than I expected?**

**A.** If it was made smaller, you'd find it too steep to push a wheelchair up.

**Q. What happens if there is an issue with the access product?**

**A.** Products are guaranteed for three years. We have been installing ramps successfully for more than 20 years and would expect a 25+ year life span.

**Q. What maintenance will I have to do?**

**A.** Very little maintenance is required. We recommended sweeping dirt from the walkway and wiping down the rails with soapy water twice a year.

**Q. How do I book a site survey?**

**A.** Contact our sales team

If you have any other questions please do not hesitate to contact our in-house sales team
