“We’re immensely proud of the work we do. From help with shopping and cleaning through to support seven days a week, raising the standards of home care is at the heart of everything we do.”

OUR PROMISE

At Audley Care, everything we provide is designed to enrich your life in your own home.

We are passionate about delivering exceptional care. We believe our years of experience in the industry, our training and expertise in providing care and our values of integrity and compassion are unequalled by any other provider.

Heritage

Audley Care is part of Audley Group, which has been building and managing award-winning luxury retirement villages for almost 20 years. This means you can trust that we achieve unprecedented standards of service and care.

Training

Our care assistants undertake industry leading training, including a minimum 12-week programme and additional specialist courses. We have the knowledge and experience to know what really matters in delivering care tailored to your specific needs.

Our people

We know that happy and committed care assistants are the key to our success so we give them the best employee benefits in the industry. We truly believe if we look after our staff, our staff will look after you with integrity and respect.

OUR CARE

We understand the importance of delivering exceptional care and you can expect the highest standards. Our services are tailored around your individual needs and if you ever want to change your level of care, we offer the flexibility to reassess your plan at any point.

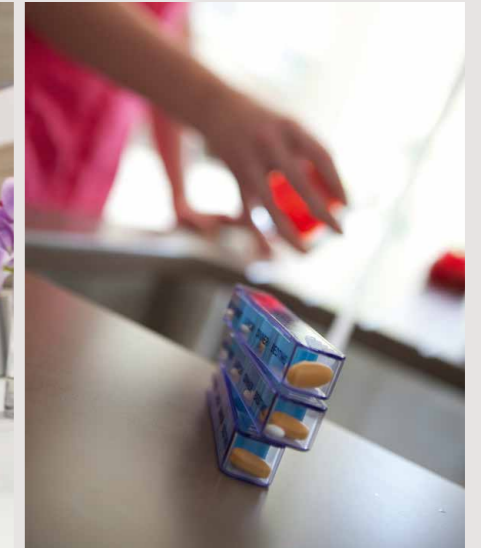

Our discreet and friendly staff will help you with as little or as much as you want, including:

- Assistance with getting up and going to bed, whatever the time.
- Someone to go shopping with you or for you, or collecting prescriptions.
- Someone to walk the dog or feed the cat.
- A little help and company while recovering from illness.
- Live-in, sleep-in night care or holiday cover.
- Long term, short term or emergency care.
- Someone to accompany you to appointments or social activities.

“All the visiting carers have been lovely and have treated my father with great care. The whole team has been excellent and I would recommend them to anyone in our position.”

OUR FLEXIBILITY

We understand your needs can change over time. But rest assured that should you ever need us, we will put your wellbeing, dignity and wishes first, helping you live an independent life from the comfort of your own home. Our wide range of services include:

Companionship

We will be there for you whether you want someone to accompany you to appointments or a companion to share your hobbies and interests. We can also assist with dog walking and shopping.

Dementia

If you are living with dementia, we will work closely with you and your family, so we can provide a wholly personal service from a hand with daily tasks to simply lending an ear.

Parkinson's

We train our care assistants to understand the needs of people living with Parkinson's. Our flexible care will give you choice and control so you can continue to live at home.

Stroke

Our service is tailored around your rehabilitation. We will match our care assistants to your needs and draw up a care plan based around your choices.

Multiple Sclerosis

Our care assistants are trained to provide support with mobility, hearing and speech problems, dizziness, tremors, pain or fatigue and will work with you to build daily routines that suit you.

End of life care

Palliative care at home means you can stay in familiar surroundings. Our flexible around-the-clock care will be individual to you and constantly reviewed to meet your changing needs.
