Who we are

We're Acis HomePlus – we're here to help people keep their independence and continue to enjoy their own home.

Our home adaptations and handy person services are delivered by trusted, experienced and qualified professionals – all designed to help people with mobility issues or those at risk of becoming vulnerable.

We can support with everything from assembling flat pack furniture to installing handrails – no jobs too big or too small. We can even install wetrooms, stairlifts and convert homes to make properties more accessible.

We specialise in services and adaptations for people living with dementia and visual impairment and can incorporate a range of features to lower stress, minimise confusion and enhance visibility when using facilities.

When people become ill, they want to stay in a place they know and love. Our services can help them remain at home, supported by people who understand what they're going through.

Odd jobs need doing around the home? No problem

House in need of some decorating or upkeep? We've got it sorted

Alterations needed to make a house more accessible? We're the people to talk to

Property need redesigning to meet changing demands? Just give us a call.

Types of home adaptations:

Around the house: Stair lifts and handrails.

Kitchen: Low access and adjustable units. Perfect for wheelchair users.

Bathrooms: Walk-in showers and wet rooms.

Outside: Access ramps and grab rails.

We can help fit specially designed equipment to help make your home more accessible and easier to get around.

How? We'll take into account any current or future needs, as well as taste and budget.

Our services will make you feel at home...

We take extra care to enhance wellbeing and confidence by reducing the risk of tripping, slipping, scalding and flooding.

A helping hand...

Our handyerson service is available to anyone who needs help with the odd jobs around the house. We can help with:

- Painting and decorating
- Installing washing lines and driers
- Radiator bleeding
- Clearing blocked sinks and drains
- Plumbing washing machines

Whatever the problem, we're likely to have a solution.

Your helping hand at home

As we have developed our services, we can add a lot to the buying experience of new homes – so we have launched a number of packages to help you in your home.

Each package, from before the big move to settling into your new home, is made up of various parts of our service, which usually go together. But don't worry, it's all flexible so you can pick and choose elements from different packages to make up your own tailored solution that's just right for you, your family and your home.

Whether you're just in need of some additional support to help maintain your home, are needing a safe pair of hands when moving in, or major adaptations, you're in safe hands with us.

Speak to our team for more information.

Acis HomePlus - here to help and maintain people's independence

We're part of Acis Group, helping deliver better homes, better services and, ultimately, better lives. We're honest, positive and ambitious.

We're based in Lincolnshire and work across the East Midlands, Yorkshire and the Humber. It means we're local to you, within a short drive away and always at the end of the phone.

But we can't do it alone.

We work with likeminded organisations to take the strain off the public sector and support customers.

Get in touch if you would like to work with us.
