

GUARDIAN III

Fall Detector • SOS Button • GPS Locator • Two Way Calling

Introducing The CPR Guardian III

Personal Alarm watch that provides you and your loved ones with peace of mind and reassurance knowing you can always be there for them whenever they need you

Fall Detection

SOS Button

GPS Locator

Temperature

Phone Calls

HR Monitor

Fall Detection

Designed to automatically detect a fall and raise an alert by contacting loved ones and automatically rings the emergency contacts

Emergency Assist Button

In the event of an emergency, the watch will be able to alert contacts when the SOS button is held down for 3 seconds. It also updates the wearer's location through our smartphone app.

Smart Location Tracking

In the case of an emergency use the CPR Guardian III APP to track the wearer's outdoor location with GPS technology or indoor with WiFi access point tracking.

Two way calling.

Keeping in touch has never been easier with the ability to phone loved ones, send voice messages and a SOS button In case assistance is required.

Heart Rate Monitor

The Guardian III constantly monitors the wearer's heart rate and alerts the administrator if the heart rate drops below 30 beats per minute.

Geo Zones.

Set up safety zones and be notified when the wearer leaves or enters an area of your choice, keeping you informed and reassured at all times.

Body and Environment Temperature Monitor

Monitors the wearer's body temperature and environment temperature and sends this information directly to the CPR Monitoring APP.

Strongest Network Signal

Guardian arrives pre-installed with a CPR Chameleon SIM which provides maximum mobile coverage at all times by intelligently switching between Vodafone, o2 and EE mobile networks based on the best available signal.

Premium Support

Enhanced customer and technical support is included with every CPR Guardian. If you need help to track a wearer in an emergency, or help setting up the watch remotely we are always at hand to take your call.

We also offer accidental damage cover for only 11 pence per day

CPR Guardian App

The location and status of the wearer will be available through the Guardian APP on your smartphone.

About us.

At CPR, our goal is to provide technological solutions that improve the quality of life for everyone in society.

- Over 10 years of experience
- Award winning technology
