

See what our clients say

“ I was extremely impressed with the service, it was wonderful to see Dad cared for in his own home by people who really cared for him and attended to his every need. The ladies we had were wonderful and very quickly felt part of our family, they were sensitive in giving us time alone with my father but also there to make us and other visitors cups of tea... ”

- Mrs B, Uffculme, Devon

“ Live In Care has been a Godsend. The carers are knowledgeable, experienced and show dignity to both my mother and great aunt. As a relative, I can finally relax and know they are in good hands! ”

- Mrs W, Birmingham

Who We Are

If you require full time care and would prefer to stay in your own home, then Live In Care is the ideal solution. Our services provide an alternative to a residential care home and offer an affordable solution that helps you to remain independent at home.

We are an independently owned care agency that specializes in live-in care. We are passionate about the quality of care and the service is very personal to us. We understand that everyone is unique, and we tailor our care to what's important to you.

Live In Care will provide a fully trained carer to help you live your life as you choose, this can be for any length of time including recuperation, a respite break, or for the foreseeable future.

We are regulated by the Care Quality Commission, which means that you will receive the highest standard of care.
