## Home Care Focused On You

Compassion First Home Care was founded with the belief that care at home should always be comfortable and welcoming and that it should be truly moulded around your unique personality, preferences and care needs.

We focus on tackling long-endured challenges that people experience when receiving care in their own home such as genuine continuity of care, punctuality of visits, consistent and proactive communication between the office and customers and their support network, as well as ensuring that YOU always remain in complete control of YOUR care.

From your initial enquiry through to commencing care with us, we take you through every step of the process, ensuring we provide clarity and reassurance every step of the way. We make sure you have all the information you need to make an informed decision about your care.

**Compassion First are proud to be ranked as the #1 Home Care Provider in Stratford upon Avon and Warwickshire on [homecare.co.uk](https://www.homecare.co.uk)**
