

Doctor-led award-winning home care
you can trust...

Homecare when and how you want it

“Amazing service given to my neighbour and friend, despite very
challenging circumstances with COVID. I would highly recommend”

J Anders 2021

“Thank you so much for looking after my mother, the carers are lovely
and the office team are helpful. Thanks so much”

W Atkins 2021

About us:

Caremark (Aylesbury and Wycombe) is a doctor-led award-winning homecare company who have supported clients in our community for over 10 years. Our goal is to maintain client independence in their own homes and we do this through our healthcare expertise. Our dedicated and passionate team have been trained in our training suit and many of our staff have years' experience working in healthcare. COVID-19 has not stopped us supporting our local community, in fact it has made it even more important to reach out and support those who are vulnerable.

Care at home helps you towards a more independent life...

Living in your own home and receiving a little extra help on the day-to-day tasks or receiving truly specialist care, can have incredible benefits to our clients health, happiness and general well-being. Our clients have more time to enjoy the really important parts of their life, and we empower them to do so.

Who we can support:

We support all ages of clients from children, young people to the elderly.

Empowering young people with:

- Learning disabilities
- Physical disabilities
- Physical health conditions
- Neurological conditions
- Neurodevelopmental conditions
- Mental health conditions

Empowering those with:

- Loneliness and isolation
- All dementia types
- Physical health conditions
- Physical disabilities
- Neurological conditions
- Neurological rehabilitation
- Sensory impairments
- Learning disabilities
- Mental health conditions
- Learning disability
- Respite care
- End-of-life/palliative care

How does care at home work?

We create a dedicated home care service around you so that you feel happy and supported through-out the day. We offer support from 30minutes to full live-in packages of care.

How much does it cost?

The costs vary and we can support you with funding options too!

Fun Activities

Training:

Our Care and support workers are fully trained and DBS checked. They are all continually monitored and assessed throughout the year and their training is refreshed annually. Attention is given to matching the right support worker, with the right experience and personality to the client that they are supporting.

We have an expert panel of instructors and deliver high quality training all year round in our dedicated training suit.

Our standard training includes:

Personal Development Duty of Care Equality and Diversity Work in a Person Centred Way Communication Privacy and Dignity Fluids and Nutrition	Basic Life Support Health and Safety Handling Information Infection Prevention and Control Moving and Handling Medication Infection Control	Awareness of Mental Health, Dementia and Learning Disabilities Safeguarding Adults and children First Aid Fire Safety Food Hygiene
--	---	--

Many of our carers then expand their knowledge in:

Dementia Care Mental Health Care	Epilepsy Care Autism Care	Children’s Care Diabetes Care
-------------------------------------	------------------------------	----------------------------------

Full Background checks

Specialist care skills

Fully experienced staff
