Live life in the home you love

We're here to help you stay safe, happy
and independent living in your own home.

Connected Living – Secure
is a safe place for a set of keys, giving you
reassurance that your carers and family can visit,
even when you can't come to the door.

SIMPLE & EASY

Connected Living - Secure How does it work?

It's a Police approved key safe that securely locks an extra set of keys away. It requires a unique code to open which can be shared with loved ones and carers to make sure they can get into the home.

We're proud that Connected Living - Secure supply the latest Police accredited mechanical key safe to LPS 1175 standard in the UK, providing security and peace of mind.

We are here for you.
