How we work

Once contacted, a Fabs Homecare experienced staff member will visit the service user to carry out comprehensive assessment of diverse needs of service user. Thereafter, a structured care plan tailored to meet these needs is drawn (if there is none already (in place)). An appropriate key worker is then assigned to then assign to the service user. On the first day of the assignment, Fabs Homecare registered manager will visit the service user alongside the key worker to explain Fabs Homecare service package, pass necessary information, and hand over all relevant documents.

Our staff

Fabs Homecare staff members include carers and support workers who have worked within United Kingdom and over European and African countries. As a result, they not only speak European languages, they also bring diversity and personality into our care delivery. Because we have worked in different cultures, we know the difference that is why Fabs Homecare approach to care delivery is different. At Fabs Homecare, it's all about quality and passion rather than popularity and fame. We do things differently from other providers. We care with commitment and passion.

Are you fed up with your present care provider, letting you down then call us. We guarantee that you won't be disappointed.

Why not give us a try?

If you choose to contact us you'll find supportive and friendly staff. We will do our utmost to provide the answers and solutions you're looking for.

We are here to make things as simple as possible while giving you as much control as you feel comfortable with.

We will listen to you so that we know the kind of care or support you want.

We accept direct payment funding or any other methods of payment (Happy to discuss first).
