Your friendly
home-visiting optician

We help housebound people get more
from life with **professional home eye care**

T: 0800 689 0292 **W:** www.dignity-eyecare.co.uk

In the UK, if a patient is no longer able to access their regular optical practice unaided on their own, then they are entitled to a **FREE eye test covered under the NHS. At Dignity Eyecare as our name suggests, we are passionate about maintaining every individual's dignity.**

You'll get a complete professional service- just as you get at your local optician. Our prices start at **£39.95** for single vision lenses and **£89.95** for bifocals. If you are entitled to an NHS voucher, you will be entitled to glasses on the NHS, or this will cover some of the cost of your glasses.

Our complete price strategy means you don't pay anything extra after we quote you. What's more, the optician will personally fit your glasses as well as providing free aftercare.

We also have a freephone number (**0800 689 0292**) for any free advice and information. Alternatively, contact us by email at support@dignity-eyecare.co.uk

Why choose Dignity Eyecare?

In line with our company ethos, what makes Dignity Eyecare stand out from any other provider, is :

- ✓ 40 minute appointment times
- ✓ We test for any eye tracking problems that may affect your mobility in the home
