

# Using Your Direct Payments...

**We can help you to get the best out of life**

**“**I wasn't sure how to use my Direct Payments but Carewatch gave me the support and guidance I needed. Now I feel confident and happy, doing the things that I want to do, when I want to do them.**”**

Carewatch is one of the UK's leading providers of home care. For almost two decades, we have helped many thousands of people get the best out of life and maintain their independence within the comfort of their own homes and community.

Direct Payments and Individual Budgets are Government initiatives that allow individuals to purchase their own care and support, providing more choice and control over the care they receive.

We offer advice and guidance for those who receive Direct Payments and Personal/Individual Budgets and can provide you with the care and support you need, when you want it.

Your local branch, Carewatch Wyvern can support you, or a loved one with:

- Light domestic duties such as shopping and cleaning
- Providing friendship, reassurance and companionship
- Personal support
- Complex care, palliative and respite care
- Overnight care and support
- Help and advice with direct payments and personal budgets
