

Live-in Care

We believe that everyone is entitled to live in their own home for as long as they wish and lead a happy, independent and fulfilled life

We offer families bespoke home care plans to enable your loved one to achieve this.

We endeavour to provide your loved one with a caring and reliable live-in carer who will aim to become a good companion.

We always:

- Arrange an initial assessment and consultation meeting at a client's home
- Meet the client and their family and people close to them eg. friends, neighbours
- Carry out a full risk assessment
- Agree an individual care package taking on board the client's wishes and preferences
- Choose a highly trained and skilled carer that matches the client's specific needs to give continuity of care

We offer two levels of care:

Level One – Domestic, Social Assistance and Personal Care

Housekeeping, cooking, cleaning, outings, companionship, full assistance with washing, dressing, toileting, incontinence management, catheter care, feeding and prompting medications, and full assistance with hoists and other mobility aids.

Level Two – Complex Care

As Level One plus full assistance with stoma care, peg feed etc. Also caring for someone with dementia, diabetes, a terminal illness or post operative care following major surgery.

About us

Oxford Private Care is a well-established, independent company with a reputation for providing high quality care services throughout Oxfordshire.

- All our staff are Criminal Record Bureau (CRB) checked before they join us
- All staff undergo a thorough induction and training programme
- We are accredited and contracted by Oxfordshire Social and Community Services for many years
- We work with local doctors, district nurses and other agencies to provide a continuing care service
- We have over 100 qualified carers who receive regular training and monitoring.

We are dedicated to ensuring that our services meet your needs so please contact us if you would like to discuss your requirements further or if you require a service not listed overleaf.
