IN-HOUSE MOBILE OPTICIANS

Tel: 01925 210 006 Mobile: 07969 585 007

As many as 40% of elderly people have undetected eye problems,
Regular eye examinations are extremely important!

Conditions such as Cataract, Glaucoma, Diabetes and
High Blood Pressure can be detected.

Eye examinations can also help in the prevention of falls which can
lead to serious problems, particularly in the elderly.

**If you qualify for any of the below and are unable to get
to the High Street Optician unaccompanied,
then you are entitled to a FREE HOME EYE TEST.**

A FREE NHS sight test is available if you are:

- Aged 60 or over
- Under 16 or over 19 and in full time education
- Registered blind or partially sighted
- Diagnosed as having Diabetes or Glaucoma, 40 or over with a direct relative with Glaucoma, or you have been advised by an Ophthalmologist that you are at risk of Glaucoma
- Prescribed a complex lens

As well as a free NHS sight test, FREE spectacles can be provided if you (or your partner) are receiving the following benefits or credits:

- Pension Credit Guarantee Credit
- Income support or income based job seekers allowance (not contribution based)
- Tax credit and are named on a tax credit NHS exemption certificate
- You are named on an NHS certificate for full help with health costs (HC2)

You only have one pair of eyes, so lets make sure they are healthy
