Airedale, Bradford and Leeds

Going home from hospital can be a daunting prospect

Our Home from Hospital service helps people to be more confident and comfortable when returning home

Who is Home from Hospital for?

Anyone being discharged home, who lives within the Bradford district and who may require some additional support.

People we can help include:

- ▶ Anyone discharged from hospital and living alone without support.
- ▶ Patients at risk of readmission to hospital.
- ▶ People worried about how they will cope when they get home.

To find out if we can help please contact the Home from Hospital Team on 01274 531377.

How do we help people?

The support offered by the Home from Hospital team and volunteers eases the process of settling back into a normal routine and enables people to regain their confidence and independence.

The service includes:

Assessment in hospital to meet the patient to discuss their concerns and explain what we offer

A unique safety and wellbeing checklist to identify key individual needs.

An initial visit with a basic food hamper, usually within 48 hours of their arrival home.

A schedule of visits or telephone calls for up to 6 weeks.

Practical support, information and access to a range of other services

Can I volunteer to help with this service?

Volunteers are vital to the success of this project. They ensure that local people have support when they need it the most.

Could you spare some time to help people returning home after a hospital stay to feel more comfortable and supported?

All our volunteers receive full training and on-going support throughout their work.

If you would like more information on becoming a volunteer please contact us on: 01274 531377
