

Home Counties Carers

Friendly, professional
and reliable home care

What we do

"We help people to continue to live independently, safely and in comfort in their own home, for as long as they want."

Lucinda Kalpuka

Co-founder and Registered Manager

"We are a local, family-run business that takes pride in recruiting and training Carers from the local area. Before they can join the Home Counties team, they must pass DBS checks and show a genuine commitment to providing friendly, sensitive and supportive care at home."

Matthew Kalpuka

"Together we will tailor care to your individual needs, match our carers to you and provide what you want when you want it"

Who we are

Lucinda Kalupka

Co-founder and Registered Manager

Care has always been central to my nursing career and I have especially enjoyed working with the elderly. It is important to us that our service is not just one of duties performed and care given, but one of friendship and support, and our goal is to enable our clients and enrich their lives. Our carers understand that their role is also reaching out and being there for those that may not have a family or social network.

Matthew Kalupka

Co-founder and Director

People have always come first for me, whether it is family, friends or colleagues – their trust and happiness have always been my priority. Our goal is to maintain our clients' independence, safely and comfortably. We do this with minimal intrusion or disruption, assuring family & friends that their loved ones are being cared for to the highest standards by the best staff in the industry.

What our clients say

"Lovely carers helping me care for my partner with Alzheimer's and working with me to ensure he retains as many skills as possible following an accident. Very supportive and willing to adapt to changing needs."

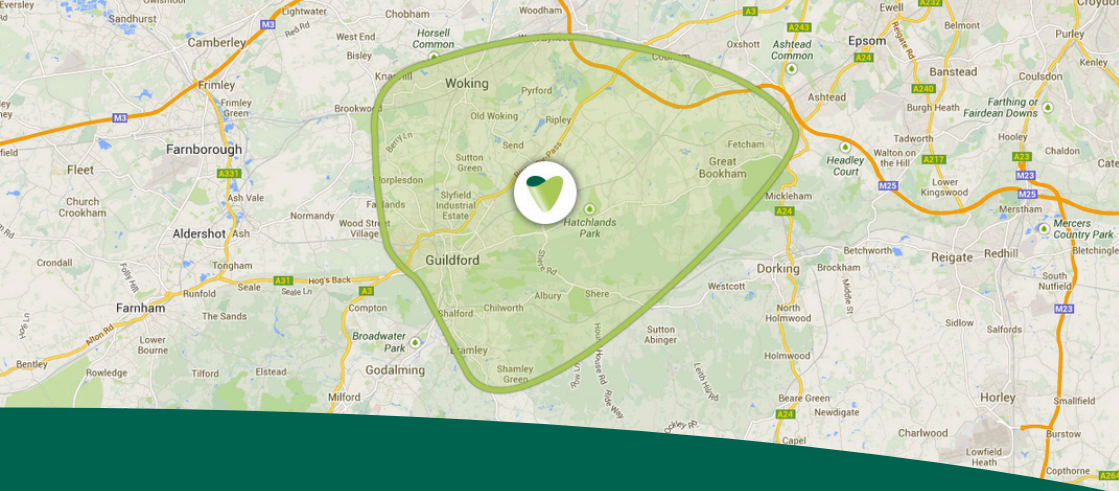

Mrs W, Merrow

"My elderly father (97) came back to his house from a nursing home. Home Counties Carers were able to offer him excellent support during the day and also provided a night sleeper at the house. This gave me peace of mind to know that my Father was well cared for and safe. The carers were well trained and very caring to my father. I have no hesitation in recommending them."

Mrs S, Bookham

"When my mother lost her husband she was completely overwhelmed with grief. Unable to return to their family home because it would have meant nights alone and having to do everyday tasks which were impossible to contemplate, she came to me. I soon realised that she was just sitting, lost in grief. I was unable to leave her alone even for an hour. Home Counties came into our lives and, most importantly, became genuine companions to her. What a relief they were. Thank you."

Mrs T, Guildford
